Session 1: Outer Limits

Do you remember that old TV show? "You are about to participate in a great adventure. You are about to experience the awe and mystery which reach from the inner mind to... The Outer Limits." This pattern will "blow your mind"!! It looks so complicated, but Julie has developed a method using 3" strips sewn into panels and cut into cross-sections. Using her system, you can easily create this awesome quilt. Prepare to explore...The Outer Limits!

Session Two: Yogi

This bear paw beauty is called Yogi because it is smarter than the average bear (paw)! Julie will show you a simple "stitch and flip" technique to easily and effortlessly create this classic quilt. This project is jelly roll friendly.
